

## Liquid mechanical ware washing detergent for soft water

### Description

Suma Ultra L2 is a concentrated liquid machine ware washing detergent specially formulated to provide excellent soil removal in soft water conditions.

### Key properties

Suma Ultra L2 is a heavy duty alkaline liquid detergent which is suitable for use in a wide range of single and multi-tank ware washing machines. It contains a blend of caustic alkali and powerful sequestrants, which will provide excellent removal of fats and dried on foods in soft water conditions.

### Benefits

- Quickly removes grease and dried-on foods
- Highly concentrated formulation gives economy in use
- Prevent scaling of items and machine parts in soft water
- Low foaming action for more efficient and effective operation

### Use instructions

Suma Ultra L2 is normally applied using Diversey automatic dispensing equipment. However, It can be used in conjunction with integral dosing pumps where fitted. To ensure perfect cleaning results in soft water conditions, dose at a minimum recommended dosing of 0.4ml/l\*. At 2ml/l, Suma Ultra L2 will prevent scale deposits in water containing up to 95 ppm CaCO<sub>3</sub>, 5.34°dH, 9.5°fH. Actual dosage will depend on site conditions (water hardness, degree of soiling, procedures).

At first use, rinse pump and transport tubes of the dosing system to avoid possible crystallization in these tubes caused by mixing of products.

*\*This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

L2L

#### Technical data

Appearance: clear yellow liquid

pH value (1% solution): 13

Relative density: 1,26

*The above data is typical of normal production and should not be taken as a specification.*

#### Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; [sds.diversey.com](https://sds.diversey.com).

Store in original closed containers away from extremes of temperature.

Only for professional users / specialists.

#### Product compatibility

Under recommended conditions of use, Suma Ultra L2 is suitable for use on most materials commonly encountered in the kitchen.

However, do not use on alkali sensitive items such as copper, brass, aluminium or rubber.
