Diversey™

Bactosol Glass Renovator

The professional choice for your bar and cellar

Benefits
- Effective
- Easy to use
- Suitable for all water conditionse

Effective

Glassware over time can become tired and dull in appearance even when treated with care. This is due to the steady build-up of difficult to remove protein residues found in beer and wine. Bactosol Glass Renovator is a low foaming detergent specially formulated to remove these unwanted deposits. Used periodically, Bactosol Glass Renovator will effectively renovate glassware and give a hygienically clean finish with the fresh sparkle all customers desire.

Easy to use

Bactosol Glass Renovator is designed to be used at periodic intervals instead of Bactosol Cabinet Glasswash Detergent. Simply use through the dosing equipment as directed on the label. When complete replace with Bactosol Cabinet Glasswash Detergent. Removes any need for manual dosing.

Suitable for all water conditions

Bactosol Glass Renovator is suitable for use in all water conditions giving excellent results in both hard and soft water. Bactosol Glass Renovator can be used with most types of cabinet glasswasher.

BACTOSOL

Bactosol Glass Renovator

Bactosol Glass Renovator is a special detergent formulated specifically for glassware and periodic use.

Usage instructions

- Protect hands and eyes with suitable protective gloves and goggles
- Remove Bactosol Cabinet Detergent from dosing equipment and replace with Bactosol Glass Renovator
- Operate through auto dispensing equipment. Bactosol Glass Renovator should be used at between 2.5 - 3.0g per litre of water.
- When empty remove and replace with Bactosol Cabinet Glasswash Detergent

Top tips

- Regularly empty, clean and re-fill the dishwasher
- Load glasses upside down
- Leave glasses to air dry. Glass cloths may be a source of bacteria and are not recommended
- If polishing is required use disposable paper towels
